

Предлагается акционная продажа посадочного материала лилейника. Качество посадочного материала такое же, как у растений, отправленных в конце августа. Наличие – только в электронном прайсе, заказ делать желательно через корзину сайта. Таблица ниже – исключительно для понимания уровня скидок, или их отсутствия по конкретному сорту. Красным цветом выделены цены на сорта, на которые есть скидки.

В конце сентября будет предложение по оптовой продаже, буквально до десяти позиций не более. Будут предложены недорогие сорта, пересорты, и сорта, на которые утеряны названия по очень привлекательным ценам. Сейчас просто нет времени заниматься этим предложением.
